ASSISTANT
Cristina Torres-Gonzalez | ctoresgonzalez@bdblaw.com

AREAS OF PRACTICE
Intellectual Property
Business

I am a full-service IP attorney with a strong background in matters relating to chemical and materials science arts, mechanical inventions, software inventions and electrical cases. I often work with small businesses and entrepreneurs who need to protect their ideas and innovations. I work closely with my clients to fully understand the underlying technology of their inventions to be able to provide them with most complete protection.

EXPERIENCE

Mr. Frisina specializes in patent and trademark law, with particular emphasis on patent and trademark preparation, prosecution, and litigation. He has litigated intellectual property cases in the federal district courts of the Southern District and Northern District of Ohio, and argued cases before the Federal Circuit, the Patent Trial and Appeals Board, and the Trademark Trial and Appeals Board. Representative technologies include latex coatings, lab-on-a-chip medical tests, nuclear medical imaging systems, endovascular surgical intervention devices, electrochemical processes, electrospun nanofibers, wound care compositions, medicated stents, chemical libraries, cosmetics, software, and business methods. Mr. Frisina served as practice team leader in a previous firm, and managed his own firm for 10 years.
